

Pascal's Hearts

- Complete the pattern by filling in the missing numbers of Pascal's Heart Triangle.
- What Pascal patterns help you fill in the missing numbers?
- Add the numbers in each row. Describe the pattern.
- CHALLENGE: What numbers would be in the 8th row? Explain your thinking using numbers, words and/or pictures.

Pascal's Hearts

Row Pattern: sum doubles for each row.

General rule: $\text{sum} = 2^{r-1}$ where r = row number.
