

Name: _____ Date: _____

Fir Tree

Students in Mrs. Como's class are making up their own growing patterns. Angela uses triangle pattern blocks to make a growing fir tree.

- Use pattern blocks to build and draw the next two fir trees in this pattern.
- Complete the table of values.
- Predict what the tenth fir tree will look like and tell how many blocks you would need to build it. Explain any pattern you used to find this answer.

Tree #	Number of blocks added	TOTAL number of blocks
1	1	1
2		
3
